

2007 Student Symposium On Self-Assembled Chemical Structures/ Sur les matériaux auto-assemblés

Agenda:

- 09:00- Registration, set-up, breakfast (Hall d'Honneur, Roger-Gaudry)
- 10:00- All talks located in Ernest Cormier (salle K-500)
- Gwen Bazin, *Polymer Nanospheres as Biosensors*
- Kim Metera, *Self-Assembly & Luminescence of Ru(bpy)₃²⁺-Containing Block Copolymers*
- Marta Kocun, *Force Spectroscopy Study of Chitosan*
- 11:30- 14:30 Lunch (Thai) followed by the poster session (Hall d'Honneur)
- 14:30- All talks located in Ernest Cormier (salle K-500)
- Maxim Kryuchkov, *Multi-Purpose Block Copolymers: Preparation of Novel Poly{L-lactide-b-poly[(2-dimethylamino)ethyl methacrylate]}*
- Blythe Fortier-McGill, *NMR Studies of Polymer Multilayer Capsules and Films*
- Mykola Kondratenko, *Molecular Rectifiers Electronic Devices Based on TTF-Nitrofluorene Donor-Acceptor Diad*
- 16:00- Votes collected for the best talk and poster
- 16:10- Announcement of symposium winners (Hall d'Honneur)
- 16:15- Wine and cheese (Hall d'Honneur)

Sept. 10th, 2007 – Pavillon Roger-Gaudry, Université de Montréal

2007 Symposium Organizers

UdeM: Beatrice Lego, Maksym Kryuchkov, Marc-André Gagnon
McGill: Chris McLaughlin, Nasser Abukhdeir, Emily Cranston
Laval: Marie-Christine Dorais | UQAM: Mohamed Mezour
Concordia: Monica Cheung | Sherbrooke: Maxime Pelletier
